Chief Epps,

On behalf of the Creve Coeur Police Department, I wish to take this opportunity to thank you for your support in assisting us with the United Mine Worker's of America rally in Creve Coeur on July 30, 2013.

Sgt. Blakeney provided exceptional service when responding to our Code 1000 call out. His professionalism reflected greatly upon the Pine Lawn Police Department and the law enforcement community.

Again, thank you for your support and please extend my gratitude to Sgt. Blakeney for a job well done.

Sincerely,

Dear Chief Epps,

I would like to extend my utmost sincere gratitude to you and the Pine Lawn Police Department for the assistance that you gave to the Jefferson County Sheriff's Office after Shawn Nims ambushed and shot two of our deputies.

Your willingness to offer immediate assistance of both manpower and/or equipment allowed us to bring a violent situation to a quick resolve without the injury of any other law enforcement personnel. Please extend our gratitude to each officer from your agency that assisted us during this tragic event.

Should we ever be able to return the favor, you can count on us.

Sincerely,

Oliver "Glenn" Boyer

To whom it may concern:

It is a pleasure to take this opportunity to write this letter of recommendation for Steven P. Blakeney. I have known Steven since he began the academy on August 3rd 2009. Throughout the academy I have had extensive contact with him. During that time, I have the pleasure of working closely during his instruction, which will last until November 20th 2009.

Steven works very hard during his time in the academy. Steven demonstrates a high level of initiative, and is judicious in carrying out assignments without direction. Steven seeks opportunities for self-improvement. Steven does not leave his desire to learn in the classroom, as he attends extended practice sessions so he can continue to grow and improve.

In group projects, Steven strives for maximum team performance, and recognizes the many benefits of spirited teamwork.

It is without reservation that I recommend Steven for any position that he would choose to undertake.

RE: Letter of Recommendation

Stephen Blakeney has worked for the Department of Public Safety since April of 2007. He is currently an armed officer assigned to Saint Louis University. He has demonstrated good work ethic and I personally have worked with him with our Alcohol Response Unit here at the University. Officer Blakeney is developing into an experience officer at our institution.

Without reservations I can recommend him as a good candidate for the police department. His dedication to this University and the safety of our students is very apparent.

To Whom It May Concern,

This is in reference to Steve Blakeney. Although he was here only a short time, he was a good officer, and showed considerable promise.

Unfortunately our budget did not allow us to work him as much as I would have liked.

Sincerely,

Chief Bill Rainey

Dear Mr. Blakeney:

I am writing this letter at your request regarding the stated reason for your leaving the Eastern Missouri Police Academy.

Our records reflect that you voluntarily withdrew from the academy on October 30, 2003. The reason stated for the action is personal. There is no other indication on the withdrawal form for your departure. I have included a copy of the form with this letter.

Our conversation also indicated that you desired to obtain information as to who may have accessed your file. Our records reflect that only two individuals have reviewed your student file, Detective Patrick York of the Millstadt Police Department, and Chief Larry Kirk of the New Athens Police Department. I have included a copy of both requests and signed releases with this letter. I have also included a copy of my memo for the record indicating to Detective York that we would not release any information over the telephone other than the fact that you voluntarily withdrew from the Academy.

I trust that this information will be of use to you.

Sincerely yours,

Ronald S. Neubauer
Executive Director
